

THE DESERET EVENING NEWS.

TRUTH AND LIBERTY

MONDAY, NOVEMBER 11, 1901. SALT LAKE CITY, UTAH.

NUMBER 303

FIFTY-SECOND YEAR

FIVE MEN LEFT DEAD ON THE FIELD

Insurgents Attack Abra de Ilog Garrison While at Breakfast—Repeated Samar Tactics—Splendidly Repulsed.

Manila, Nov. 11.—Maj. William L. Pitcher, of the Eighth regiment of infantry, commanding the Mindoro expedition, reports that the garrison of Abra de Ilog was attacked yesterday by a force of insurgents commanded by Leno Cos. The Filipinos apparently attempted to repeat the Samar tactics, but the Americans, who were breakfasting, fully armed, completely routed the insurgents, who left five men dead on the field, each having a rifle and ammunition. One American was seriously wounded.

Wearing the uniform of an insurgent lieutenant.

Maj. Pitcher says he recently captured three officers and a large part of an insurgent company, all fully armed. It is believed the insurgents recently received an illicit supply of munitions of war.

INSURGENTS GOING NORTH.

Catbalogan, island of Samar, Nov. 11.—The insurgents are flocking northward. They are suffering greatly from famine. Mary isolated bolomen have surrendered. Only fear caused by Lukan's proclamation threatening with death those who surrender prevents a general submission of the insurgents but it is expected that this will be secured in a few days.

LOGAN SUGAR PLANT STARTS TONIGHT.

Utah's Latest \$400,000 Factory Will Commence Its Maiden Run at 6 p.m.—First Carload Will be Shipped Thursday—Division Of Territory Among the Three Institutions.

[Special to the "News"]

Logan, Utah, Nov. 11.—The new sugar factory at Logan is all in readiness for operation, and the start is set for 6 o'clock this evening. It had been intended to commence this morning, but a few slight hitches occurred which will delay the start several hours. Hon. David Eccles, whose money and enterprise have built the factory, is expected to be present; the cost of the factory to date is estimated to have been between \$350,000 and \$400,000. The first car load of sugar will be shipped on Thursday and has already been purchased by the Cache Valley Mercantile company of this city. The sales of the Logan factory will be made through Joseph Georgehan of Salt Lake, the agent broker who handles the Lehi and Ogden product, so that there is a perfect understanding between the three institutions as to the localities in which each shall sell.

The scene around the factory today is a most animated one. Although 1,000 tons of beets have already been received, a long procession of wagons loaded with beets is to be seen on the roads leading to the plant, and it is estimated that 10,000 tons more will be delivered. A total of 25,000 tons from which the company expect to obtain at least 5,000,000 pounds of sugar.

INCORPORATION OF FOREST DALE

Prominent Residents in Vicinity of Twelfth South Present a Formal Application to the Board of County Commissioners This Morning.

Joseph W. Summerhays, Royal B. Young, John M. Cannon and B. W. Ashton appeared before the board of county commissioners this morning and presented a formal application for the incorporation of Forest Dale. The commissioners will take a census of Forest Dale to ascertain whether or not it has the requisite 300 inhabitants, after which it will be in order to present a petition signed by a majority of the electors.

The proposed boundaries of the new city are a line twelve feet north of the south line of Twelfth South street on the north, a line twelve feet south of the north line of Thirteenth South on the south, all but the easternmost eight feet of the county road, running diagonally east of Eleventh East street on the east, and all but the westernmost eight feet of Fifth East street on the west. The area embraced is about a mile square.

REV. NUTTING WAS NOT ENDORSED

Ministerial Association at Its Weekly Meeting Today is Said to Have Not Been Unanimous Regarding the Course Taken by the Preacher in His "Utah Campaign."

The ministerial association held its usual meeting in the Y. M. C. A. parlors this morning and after a paper on "Paul, the Tent Maker," by Rev. Frank Barnett, of the East Side Baptist church, the ministers had a spirited discussion of Rev. Nutting and his missionary work in Utah.

Some of the ministers are not at all certain that Rev. Nutting is doing any good in this state and though very reticent indeed on the subject, it was stated that some resolutions were proposed this morning in indorsement of Rev. Nutting and his work, and that

these resolutions were very energetically and vigorously opposed by certain of the ministers.

The paper on Paul the Apostle and tent maker was dealt with in a manner to show that the custom of paying preachers of the gospel was in existence at that early date and that it was justified by the original apostles.

Rev. Dr. Paden stated that some woman, he nor any of the other ministers could remember her name, is in Salt Lake circulating a petition to Congress asking that body to pass a Constitutional amendment against polygamy.

Dr. Paden said that he believed that all the ministers signed it, but not as the association.

SCHLEY COURT OF INQUIRY.

Members Meet Behind Closed Doors to Discuss and Consider Evidence.

Washington, Nov. 11.—At 10 o'clock today Admiral George Dewey and Rear Admiral Benham and Admiral Ramsey, composing the Schley court of inquiry, met at their quarters in the McLean building behind closed doors and began the discussion and consideration of evidence brought forward in the investigation concluded last week.

The sittings of the court are to be strictly secret. Their present plan is to hold daily sessions from 10 to half past 12 o'clock, adjourning at the latter hour for the day, though this arrangement may be changed as the work of the body progresses.

Admiral Dewey said after today's session that as yet he could not foretell how long it would be before the court would be ready with its findings. He pointed out that it had taken nearly eight weeks of searching examination to produce the material in hand, and that the court would not be expected to draw its conclusions in a hurry. When asked if the work was divided, in the interest of expediency, among the members of the court, the admiral said: "No, we are working together as a court should."

EUGENE KLEIN MURDERED.

C. E. Shuff, a Miner, Shot Him at Mace, Idaho, Today.

Spokane, Wash., Nov. 11.—Eugene Klein, time keeper for the Standard mine, was murdered in the company's office at Mace, Idaho, about 9 o'clock this morning. C. E. Shuff, a miner, was dissatisfied with the time check given to him Saturday. This morning he went to the standard office with a rifle, drove out a bystander, shot Klein and fled toward Gem. The bullet struck Klein near the heart and he died a few minutes later. Posses were quickly formed and the mine employees joined in the chase after Shuff.

He was caught near Gem and is now in the Wallace jail.

To Consider Military Posts.

Washington, Nov. 11.—The secretary of war has ordered to be convened in Washington, November 25, a very important board of army officers of high rank for the purpose of considering several matters connected with the army, particularly regarding the military posts and reservations. The board consists of Lieut. Gen. Nelson A. Miles, Maj. Gen. John R. Brooke, Edward S. Otis, S. M. B. Young, Arthur MacArthur, Brig. Gen. John C. Bates, George M. Randall and Wm. A. Kobbie. The board is directed to consider the re-organization, location and distribution of military posts required for the

proper accommodation, instruction and maintenance of the army. The board shall make recommendations as to what posts shall be abandoned or retained, which should be enlarged and to what extent, and the location, size and character of such new posts as may be necessary with a due regard to the proper distribution of the different arms of the service, based upon strategic, sanitary and economical considerations. The board also will formulate and submit a project for the location and survey of sites for four permanent camp grounds of instruction of the regular army and state national guard together with the probable cost of the sites and the expense of putting them in condition for such camp grounds. The findings of this board will be reported to Congress by the secretary of war. This Congress by the secretary of war. This Congress by the secretary of war. This Congress by the secretary of war.

Newell C. Rathburn Arrested.

Louisville, Ky., Nov. 11.—Newell C. Rathburn, who was supposed to have died of morphia poisoning in Jeffersonville, Ind., last week, was arrested here today. He was in the uniform of a soldier and when taken to the city hall admitted that he was Rathburn. Chief of Detectives Sullivan says he is convinced the man is Rathburn.

Caillard Leaves Mytilene.

London, Nov. 11, 4 p.m.—A special dispatch from Paris says Admiral Caillard's squadron left the island of Mytilene this morning.

Earthquakes in Armenia.

Constantinople, Nov. 11.—Earthquake shocks continue to be felt at Erzerum, Armenia. There have been many casualties. The foreign consuls and their families, the inhabitants are living in tents.

Chief Police Magistrate Dead.

London, Nov. 11.—The death is announced of Sir Franklin Lushington, chief of police magistrate for London. He was born in 1815.

Capt. Carter Files Answer.

Savannah, Ga., Nov. 11.—In the United States court today former Capt. Oberlin M. Carter filed an answer to the proceedings of the government to recover money owing to it by him. He states that the money is his, and that he has defrauded no one. He contends that his disbursements were passed upon by those higher in authority than himself when they were made, and that the government cannot proceed against him in the manner it had to take his money.

GOMPERS PROTESTS.

To the President Against the Arrest of Santiago Iglesias.

Washington, Nov. 11.—Samuel Gompers, president of the American Federation of Labor, protested to the President today against the arrest of Santiago Iglesias, who was sent to Porto Rico by the American Federation to re-organize the workmen of the island. Mr. Iglesias was arrested, according to a cablegram received from the island, as he was stepping ashore at San Juan. He was placed in jail. The nature of the charge against him is not known. President Roosevelt immediately sent an inquiry to Governor Hunt as to the cause of the arrest.

Suicided with Carbolic Acid.

Louisville, Ky., Nov. 11.—William Simpson, a salesman for Zeinmeister Brothers, wholesale grocers, committed suicide in a law office here today by drinking carbolic acid when confronted with a shortage of \$1,000. Zeinmeister was telephoning to New Albany, where Simpson lived, investigating a claim that two men whom Simpson named would settle his shortage when he took the fatal drink.

Voting for Alabama Constitution.

Birmingham, Ala., Nov. 11.—The forenoon returns for the election of the ratification of the new constitution of Alabama show that the negroes are voting almost solidly against ratification. The anti-Democratic counties are polling a solid vote against ratification, while the Democratic counties are polling a solid vote for it. The vote will carry the state by 20,000 to 40,000.

Montgomery, Ala., Nov. 11.—In the election here on the ratification of the new constitutional amendment, the negroes are voting more generally than was anticipated and taking an active part. The white vote for the new constitution is larger than had been expected.

Wu Not Invited to Columbia.

New York, Nov. 11.—Trustees of the Columbia university said today there was no truth in the story that Chinese Minister Wu had been offered the chair of Chinese language and literature and said the matter had not come before the board of trustees in any way. Francis S. Bangs, one of the board, said it was not within the range of probability that the Chinese minister would accept, because, in the first place, he would have to expatriate himself, and second, the salary of the professorship, (probably not more than \$4,000), would hardly be acceptable to a man of Mr. Wu's station.

Gas Cylinder Explodes.

Uphalide, Nov. 11.—A gas cylinder of the Liberty Chemical company exploded this afternoon, severely injuring Miss A. M. Grebe, Miss Anna Grebe, Miss Kate Grebe and one boy. The explosion occurred while the girls were at work on the second floor and jumped to work their lives. Wewand was the engineer and was badly hurt. The building was wrecked. Loss estimated at \$50,000.

Comment on Lodge's Speech.

London, Nov. 11.—The Pall Mall Gazette this morning, referring to the speech made by Senator Lodge at Boston on Saturday last, says: "It is as believed, Mr. Lodge's speech reveals the mind of President Roosevelt, a country which has nothing to complain of. The isthmian business will be settled next year in a manner honorable and satisfactory to both countries, which means, we presume, that America will get her own way in the matter. The Monroe doctrine is to be sternly upheld by a great navy, if need be. This is in the interest of peace. As the Monroe doctrine does not affect that part of the American continent which belongs to the British empire, the announcement will cause no friction."

Cracker Makers Meet.

Cincinnati, O., Nov. 11.—Representatives of about seventy-five independent cracker baking firms in all parts of the United States met here today. The meeting was for the purpose of the meeting was issued by the Union Biscuit company, of St. Louis. Mr. Hartwell Grubbs, of that company, called the meeting to order. No authoritative statement of the purposes of the meeting has been made by any of the representatives present, except that it is not to make war against the biscuit trust. Still extraordinary precautions were taken to exclude representatives of firms belonging to the National Biscuit company.

LAWRENCE LEWIS IS LAID LOW.

Another of the Fort Leavenworth Escapes Shot Down.

STILL HUNTING CONVICTS.

Officers and Citizens Have Many Encounters With Them—Are Heading for Indian Territory.

Kansas City, Mo., Nov. 11.—Another of the convicts fleeing from the military prison at Fort Leavenworth was laid low this morning, near Quenemo, forty miles southwest from the penitentiary, when Lawrence Lewis, white, aged 20, was fatally wounded, receiving a bullet in the back while attempting to escape from the city marshal of that place. This makes a total of thirteen prisoners captured since the outbreak on Wednesday last, leaving thirteen still at large. To date three of the numerous convicts have been killed and five, including the two who yesterday were deposited in the penitentiary at Topeka and then escaped, have been wounded. Lewis' death will make the fourth fatality.

A horde of armed men are today searching for the captives of Quenemo and it seems impossible that they can get away. Reinforced by the weapons taken from the Wooster house and from the officers, they are well prepared. They are desperate men and unless the wounds received yesterday prove serious it is believed they will not be taken alive. Other posses are said to be pursuing the convicts within a radius of miles of the penitentiary, and further captures are looked for during the day.

Lawrence Lewis, the convict shot today, was received at the penitentiary in October, 1899, under a five year sentence for larceny. Lewis was surrounded in the timber near Quenemo. He was ordered to surrender but refused and attempted to escape. Sheriff Alexander shot him on the neck, bringing him to the ground. Bleeding profusely and mortally wounded, Lewis was taken to the city marshal's office, where he will be held awaiting the arrival of authorities from Fort Leavenworth to remove him.

STILL HUNTING CONVICTS.

Topeka, Kan., Nov. 11.—With the exception of the one escaped convict captured at Quenemo, Kansas, the ten or a dozen convicts known to have fled from this vicinity for the past two days are still at large, although officers and posses of citizens have had several encounters with them. After the exciting events of yesterday the city and county officers are more generally than ever thoroughly aroused. Today they are bending every energy to overhaul those known to be in hiding within a radius of thirty miles of Topeka, and it is believed several will be captured before night.

A Special to the State Journal from Alma, Kansas, says:

The three convicts who stole the wagon from near Quenemo, Kan., and later stole two horses near Wamego, met some young men near McFarland Sunday afternoon and in an exchange of shots, killed a horse ridden by one of the convicts. The convicts escaped and were next seen at Alma at 3:30 Sunday night when the three rode down the main street of the town and headed south. They were followed by a posse of citizens carrying two of the convicts. They were regarded with suspicion, but no one tried to stop them. At the farm of Charles Schwank, four miles south of Alma, they stole two more horses and rode toward the south. It is supposed that this gang of convicts is the same that was headed off by the posse which went to Manhattan last Friday night. The gang was captured at the crossing of the river at the Roseville bridge. It is supposed that they are now heading for the Indian territory.

On the occasion of the federal prison at Leavenworth, with six of the federal prison guards, left Topeka at 10:55 this morning on the Santa Fe to go to Otago City to get ahead of these three convicts, who stole two more horses and a posse, in charge of deputy sheriff of Wabauze county, also left Alma this morning and are in pursuit of them.

FINED \$1,000.

For Furnishing Civil Service Examination Questions in Advance.

Chicago, Nov. 11.—Samuel C. Kater and B. H. Loveless, charged with furnishing civil service examination questions to police candidates in advance, were fined \$1,000 each by Judge Kelly today. A new trial was granted David B. Weber, the other alleged conspirator.

TRANS-SIBERIAN RAILROAD.

Correspondence Between M. De Witte and Czar on Occasion of Its Opening.

Washington, Nov. 11.—The complete correspondence between M. De Witte, the Russian minister of finance and his imperial majesty, the czar, on the occasion of the opening of the Trans-Siberian railroad has been received by cable from M. De Witte by M. Roukowsky, financial agent of the Russian government at this capital. M. De Witte's cablegram follows:

"On the nineteenth of May, 1891, your imperial majesty personally laid the first link of the great Trans-Siberian railroad. Today, on the anniversary of the accession of your majesty to the throne, the track of the Chinese Eastern railroad has been completed. With heart full of joy, I dare to present to your majesty my faithful and loyal congratulations on the occasion of this historic event. By laying the rails for a distance of more than 2,400 versts, (1,800 miles) and Port Arthur, the construction of our railroads in Manchuria, in the rough way, of course, has been completed. Scarcely four years have elapsed since the be-

ginning of the work on this section and notwithstanding the extraordinary difficulties which have been encountered, and the destruction of the greater part of the railroad last year, the temporary traffic can be opened now on all the line. I hope that two years from now all the works that remain from the destruction of the railroad in Siberia will be finished and regular traffic will be opened."

His majesty deigned to honor me with the following answer: "I thank you sincerely for your joyful communication. I congratulate you on the completion within so short a time and amid extraordinary difficulties of a railroad which constitutes one of the greatest undertakings of the entire world."

Capt. Carter's Case Advanced.

Washington, Nov. 11.—The United States Supreme Court today advanced the habeas corpus case of Capt. Oberlin M. Carter on its docket and announced that it will be heard on the second of December next.

Presidential Appointments.

Washington, Nov. 11.—The President today made the following appointments:—Thomas Swobe, quartermaster, rank of captain; Robert W. Thompson, second lieutenant, infantry; Wm. W. Bessell, captain, Porto Rico provisional regiment, infantry.

State—Charles W. Herdlicka, district of Columbia, consul at Kingston, Jamaica.

Charles V. Herdlicka, appointed consul at Kingston, Jamaica, was until recently secretary of legation at Vienna.

Burglars Dynamite a Bank Vault.

Greensburg, Pa., Nov. 11.—Burglars dynamited the vault of the Smithson National bank last night but were unable to get into the safe where \$4,000 was deposited. They only secured \$4,000. The concussion partially wrecked the building.

To Alter German Commercial Laws.

New York, Nov. 11.—News reaches London from Berlin to the effect that representatives are being made to the German minister of commerce as to the necessity of immediate alterations in the commercial laws enabling manufacturers and others interested in an industry to combine and regulate the markets under certain conditions, says the Tribune's London correspondent. These representations, it is understood, are due to the belief that American capitalists are endeavoring to acquire controlling interests in undertakings having business relations with the state and desire to defeat them.

DEPARTMENT OF COMMERCE.

President is Urged to Recommend One to Congress.

Washington, Nov. 11.—Elliott Durand, Laverne Noyes and several other Chicagoans, representing the National Business league, today presented to the President a memorial urging him to recommend to Congress the establishment of a department of commerce and industry. The memorial is signed by the National Business league, a re-organization of the consular service. The President said it would be manifestly improper for him to tell what he would recommend in his message, but assured the memorialists that he would give their suggestions his most careful consideration.

The delegation also invited the President to attend a banquet to be taken in his honor, during the winter by the association. The President expressed his appreciation of the invitation but said he could not accept it at this time. The delegation has been sending similar invitations from organizations in various cities but thus far has not seen his way clear to accept any of them.

Representative Boutelle of Illinois today introduced a future conference with the President on the subject of the abrogation of the treaty of 1817 with Great Britain by which the building of war vessels on the Great Lakes is prohibited. Mr. Boutelle says that a dozen or more of the great ship yards on the Great Lakes and that the antiquated treaty of 1817 prevents them from building modern war vessels. He says that the navy with the smaller vessels of the navy with the seaboard ship yards.

President Roosevelt has not yet been able to find a team of horses to his liking. He has tried all the best horses in the city but all of them have had some defect. The hostler of the White House stables returned from a trip to Baltimore, where he visited the horse market but found no suitable horses with long tails. The President is opposed to the practice of docking the tails of horses and will not consider the purchase of bang-tailed animals, no matter what other qualifications they may have.

To "Rescue the Sun."

Pekin, Nov. 11.—In conformity with a notice which the foreign office sent to the legations, all the Chinese officials in the capital gathered today at the board of officers, to witness the ceremony of the rescue from a partial eclipse. The rescue was accomplished by prostrations, the burning of incense and the beating of drums. A few foreigners, for the first time, were permitted to witness the ceremony.

Danish West Indies Cession.

Washington, Nov. 11.—The projected treaty of cession of the Danish West Indies to the United States is not so well advanced as it was hoped would be the case at this time. It is now doubtful whether the treaty will be completed in time to submit to Congress when it re-assembles next month. The delay appears to have arisen through the last change in the ministry at Copenhagen, the state department practically having reached an agreement with the Danish government on the subject of the cession of the islands. The treaty, if fact all questions of large public policy having been adjusted when the entry into power of a new ministry, not well disposed toward the treaty, made it necessary to begin the work all over again. While the negotiations are proceeding they have not reached a point where it can be predicted with certainty that a treaty will result. The issues do not touch the subject of the cession of the islands as to the future of the citizenship of the Danish West Indies, sought to be imposed by Denmark. The United States desires a simple treaty and one that will leave at perfect liberty to deal with the islands without any restrictions.

Consent Given.

Copenhagen, Nov. 11.—The premier, Dr. Deuntzen, in an interview today on the subject of the negotiations for the sale of the Danish West Indies, is quoted as saying that the Washington and London dispatches declaring that the islands have been sold to the United States for \$10,000,000 with the understanding that the inhabitants are to be granted citizenship and free trade are incorrect. The negotiations are progressing but the result cannot be definitely predicted.

An Illinois Bank Burglarized.

Springfield, Ill., Nov. 11.—The bank of Chatham, at Chatham, this county, was entered early today by burglars, who blew open the safe and secured \$1,000. The burglars escaped on a hand-car. Congressman B. E. Caldwell is almost the exclusive owner of the bank.

OGDEN TO CUT DOWN EXPENSES.

Mayor-Elect Intimates That a Reform Movement is to Be Instituted Under New Regime—Slot Machines Running.

[Special to the "News"]

Ogden, Nov. 11.—Mayor-Elect Glasmann has today mailed a communication to the recently elected members of the city council asking them to make no pledges in the matter of appointments, as the policy as outlined in the Republican platform upon which they were elected was for the cutting down of expenses generally. With this end in view it is said that there will be a big change and incidental cutting down of the victors' spoils generally to the extent that several municipal offices may be consolidated, while others will be abolished entirely.

In the meantime the slot machines are again running in the saloons and gambling houses to the exclusion of cigar stands and restaurants. Nobody seems to know who is responsible for this state of affairs. Chief Conlinsk this morning stated that this would be permitted on the payment of a monthly license of \$25 on the first machine and \$10 on every other similar device installed in the same establishment.

GOVERNOR OF SHAN TUNG.

Chang Yen Tung Appointed to Succeed Yun Shi Kai.

Washington, Nov. 11.—It is understood here that Chang Yen Tung has been appointed to succeed Yun Shi Kai as governor of the Chinese province of Shan Tung. Not much is known here of Shan's personality, save that he is a civil service man and not a soldier. He is understood also to have recently been appointed director of transportation, a very important post in China.

Minister Hay Had a Long Talk with Secretary Hay today respecting the condition in China resulting from the Hung Chang's death. The minister has not yet been advised officially of the reported purpose of his overtures to relieve him at Washington. He has had no overtures from any responsible official in the United States looking to his becoming a member of its faculty.

The United States so far has not named its representative on the committee of bankers at Shanghai who are to act as the collectors and distributors of the international indemnity fund of \$40,000,000 tael with interest. The delay in the United States government is caused by the absence of any American bank in China. Unless American financiers can become interested in this subject to the extent of opening a bank in the Orient, the United States probably will be obliged to name a British agent. A threat to take action in view of the fact that at least three other of the nations, party to the protocol, are likely to make the same choice, thereby placing an enormous and unusual power of regulating the rates of exchange in the hands of one foreign concern.

Denver Switchmen's Strike.

Denver, Colo., Nov. 11.—There have been no new developments of importance today in the strike of members of the Switchmen's Union of North America at the Denver & Rio Grande. The company is operating with full crews of yardmen at practically all points on the system and trains are running on time. Every passenger train into Denver this forenoon came in on time. Manager Horber expressed satisfaction with conditions over the system. Advances from the division superintendents are to the effect that no further difficulty is anticipated as a result of the strike. The company is taking the places of the yardmen who did not return to work have nearly all been installed in their new situations.

Unknown Schooner Sank.

Chatham, Mass., Nov. 11.—In the heavy gale which has been blowing over the cape since yesterday an unknown three-masted schooner sank off here during the night. It is thought the vessel was coal-laden and sprung leaks while anchored. Life-rafts have gone to the wreck to look for traces of the crew.

S. A. Compensation Commission.

London, Nov. 11.—The South African compensation commission today heard counsel in behalf of the French claimant, Martin, now of New York, who demanded \$20,000. The chairman remarked that it was clearly established that Martin was not deported by the British military authorities, and that therefore, his claim was not within the scope of the commission.

Maj.-Gen. Sir John Ardagh, the representative of the government, announced that the government had agreed with the Netherlands claimants for an aggregate sum of \$27,000.

National Warden's Association.

Kansas City, Mo., Nov. 11.—Many of the most noted warden and prison officials in the world assembled in the parlors of the Grand Avenue Methodist church this morning to attend the annual meeting of the National Warden's association, the first business session of the congress of the National Prison association.

The president's address was delivered by Ellis Fuller, superintendent of the state reformatory of Michigan. J. I. O'Connor, warden of the Central Prison at Toronto, Canada, addressed the association, his subject being "Prison Discipline."

"The Construction and Equipment of Penal and Reformatory Institutions" was discussed by James E. Heg, general superintendent of the state reformatory of New Jersey.

Capt. Samuel C. Lemly, of the United States navy, delivered an address before the Old Men's association at the public library this afternoon.

Smuggled Chinese Arrested.

New York, Nov. 11.—Four Chinamen were arrested in Jersey City today on a complaint of a Chinese inspector of immigration, who alleged that they were brought into the country in violation of the Chinese exclusion act. It is alleged that the prisoners were rowed across the Niagara river from Canada by a man who was under contract to deliver them in New York for \$150 a head.

REGARDING MEXICO.

There Will Be No Organized Companies of Emigrants This Year.

As demanded by the law a meeting of the City Council was called at noon today, being the first Monday after election to announce the official canvass of the vote for municipal officers taken at last Tuesday's election. There were only seven of the fifteen members of the Council present, so in the absence of a quorum a recess was taken till 7:30 o'clock this evening. City Recorder Nystrom announced that the tally sheets would not be ready till 5:30 o'clock this evening, notwithstanding the fact that work was being done on them till a late hour last night.

CITY COUNCIL MEETS.

Solons Get Together at Noon to Announce Official Canvass.

HURT HIS BACK.

Judge Stewart Confined to His Home in Consequence.

Judge Stewart had a rather singular accident yesterday morning, which prevented his holding court this morning. The judge on coming out of his house stooped to pick up a hoop which was lying on the sidewalk. In throwing the hoop away his honor felt a sharp stitch or crick in his back, which so affected his breathing that it was all he could do to make his way back to his house. As time passed and his honor experienced no relief Dr. Wilcox was summoned and ordered the judge put to bed and applied treatment which gradually overcame the pain. Judge Stewart expects to be able to attend to his judicial duties tomorrow in the criminal division of the district court.

COLL. CALLISTER GETS A CLERK.

[Special to the "News"]

Washington, D. C., Nov. 11.—The secretary of the treasury has allowed Collector of Internal Revenue Callister, Salt Lake, one additional clerk in his office with effect as a deputy collector. This allowance was made on recommendation of Senator Kearns.

TAXATION OF SHEEP.

Opinion in Relation to Live Stock on Indian Reservation.

Attorney-General Breiden today gave an opinion to John Pope, the attorney of Uintah county, on the question of the taxation of sheep and cattle which feed on the Indian reservation in Wasatch county. The attorney general holds that where a party who owns real estate and personal property in Uintah county and sheep which graze on the reservation in Wasatch county and who resides a portion of the year in Uintah county and the balance on the reservation is
